SCHOOL READINESS

From birth, our goal is to support families in preparing their children for a productive, successful life in the world in which we live. Our philosophy is to promote children's development through play, parent involvement, and goal setting. Our staff is dedicated to the vision of fostering children's optimal potential throughout every developmental milestone.

We begin with the firm belief that all parents want their children to be successful in life. We focus on building a working relationship with families so that we can purposefully plan for children to be exposed to experiences that help form trust, independence, and social skills. We want to work with families in preparing their children to be industrious, creative, and productive individuals with a sense of identity. We believe this begins by asking families to envision their children as successful adults.

Utilizing Teaching Strategies GOLD as the evidence-based assessment tool, Howard & Evanston Community Center's Early Childhood Department evaluates individual child progress across all program models — Center-Based Birth-Three, and Center-Based Three-Five. GOLD's assessment system enables the program to evaluate student achievement data and individual child progress toward school readiness goals.

Through ongoing observations, evidence of each child's knowledge and skills are collected, documented, and compared to national benchmarks, otherwise known as Widely Held Expectations. This student achievement data is utilized to inform planning on a variety of levels. Data is utilized to create individualized plans for children and families. It informs action plans for improving instructional delivery, and it informs programmatic planning.

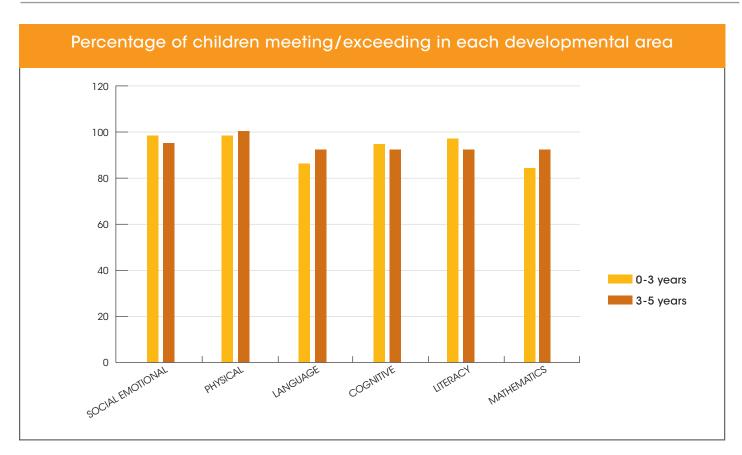

FAMILY ENGAGEMENT

Family Engagement Meetings were held monthly with a focus on parenting, social emotional, health, nutrition, and safety. We held our annual Curriculum Night and Parent Orientation at the beginning of the school year. We also hold parent meetings to discuss the transition to kindergarten. The meetings focused on assisting parents with the registration process for the local public and private schools, as well as selective enrollment/option schools and speaking to parents about how they can better advocate for their children within their new school system. The meetings also focused on informing parents about their rights when advocating for the needs of special education children. Families were invited to participate in Story Time as part of Family Reading Night. Families were also invited and welcomed to Fall Festival where they enjoyed live music and fall themed activities. We were able to provide all families with gift cards for the holidays during our Family Holiday celebration where they also enjoyed parent-child activities and had the opportunity to interact with other parents in our program. Monthly Coffee tables were held to highlight different events such as Woman's Day, Man's Day, Inclusion Awareness and Self-Care. Families were also provided Parent-Child activities that they could complete at home.

PROGRAM MONITORING

Howard & Evanston Community Center did not receive any program monitoring visits from ACF Office of Head Start.

CHILD OUTCOME DATA

HOLISTIC STRATEGY
TO EMPOWER FAMILIES

EDUCATION

We prepare young people and parents for success, from the early years throughout school, and all the way to college.

EMOTIONAL WELLNESS

We encourage healthy and productive lives through counseling and mental health services, parenting and family support and older adult services.

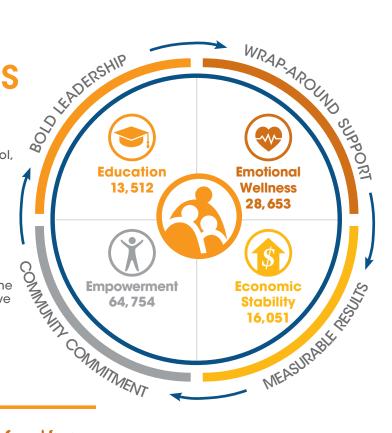

ECONOMIC STABILITY

We equip strong, self-sustaining families with the tools to find and maintain employment, achieve financial literacy, and build family wealth.

EMPOWERMENT

We help families stand up and be heard by providing legal aid, violence prevention, and domestic violence services.

Our Mission

To provide and mobilize the services needed to strengthen families and communities.

Our Vision

To be widely acknowledged as a major catalyst and resource for promoting family and community strengths.

FAMILY Values

FOCUS ON STRENGTHS

As servant leaders, we value individuals, families and communities, their inherent strengths, their ability to learn and grow, be resilient and find solutions to challenges. Our servant mindset inspires us to help people reach their full potential and own their empowerment.

ACCOUNTABILITY

We are honest and transparent, effectively managing resources entrusted to us, and in turn, investing in the people and communities we serve.

MOBILIZE FOR SOCIAL JUSTICE

We work to increase diversity, racial, gender and economic equity, inclusion and cultural competency in all that we do.

INNOVATIVE CULTURE

We are agile, responsive to complex and emerging social challenges. We are equally agile in our operations and management functions, while maintaining the integrity of our operational and management systems.

LEARNING ORGANIZATION

We value experience gained from mistakes, knowing this is key to continuous improvement and greater wisdom.

YES-MINDED APPROACH

We look for what is possible and find creative solutions, transforming challenges into viable opportunities.
